---

Event planning is time-consuming
That's why we streamlined and automated the process so you can focus on the most important aspects of your event, like building an engaging program.

KEY BENEFITS

Unified Flow of Information
Save time with a streamlined set up of all your conference content on a single platform with connected modules to abstract and proceedings management tools.

Automated Communication
Eliminate manual work with automated email notifications alerting registrants of payment and registration confirmation.

360° View of Sales
Monitor and adjust the scale of your event with a comprehensive Sales Dashboard to easily track tickets sold, revenue generated, and completed registrations.

Create Unique Experiences
Deliver the most captivating virtual events to your attendees with a wide array of engagement and networking tools, from panel discussions and workshops to networking opportunities with 1-1 meetings between attendees.

Start managing your entire event lifecycle on a single platform today
